

30 KILLED, 300 HURT IN BLAST

British To Leave India In '48

HOUSE NEAR BUDGET CUT VOTE

VICEROY WAVELL OUT, MOUNTBATTEN NAMED SUCCESSOR BY ATTLEE

STATEMENT OF CRUCIAL IMPORTANCE SCHEDULED IN COMMONS THURSDAY

LONDON, Feb. 20.—(AP)—Prime Minister Attlee announced today that it was the British government's definite intention to turn India over to responsible Indian rule by June, 1948.

Attlee also announced the recall of Field Marshal Lord Wavell as viceroy of India and the appointment of Lord Mountbatten to succeed him.

An authoritative source said Mountbatten was expected to leave for India "sometime in March."

Wavell to Retire

This source said he understood that Lord Wavell would retire from public service.

Prime Minister Attlee was scheduled to give the House of Commons today a statement of crucial importance concerning the recall of Field Marshal Lord Wavell as viceroy of India and the appointment of Lord Mountbatten to succeed him.

Whitehall sources said yesterday that Wavell was being recalled as a result of the current constitutional deadlock in India between the Congress party and the Muslim League.

"White Paper" Due

Authoritative sources said that Attlee would announce a complete British evacuation of the sub-continent, which has been under British sway for 200 years—within a stated period, perhaps as little as a year.

A government white paper on the subject will be issued at the same time and American correspondents were summoned to a news conference immediately afterwards by members of the British cabinet mission which evolved the 1946 Indian independence plan.

The fact that the Indian interim government—first step in that plan—now is threatened with complete breakdown because of continuing disputes between the Muslim League and the Hindu-dominated all-India Congress party apparently was the main element impelling this new British action.

JESTER NOMINEES TO BE 'SCATTERED'; WOMAN UT REGENT?

AUSTIN, Feb. 20.—(AP)—Governor Beauford H. Jester said today he intends to "dot the map" and make wide geographical distribution in filling vacancies on the governing boards of the University of Texas and Texas A. and M.

The governor added he would follow the same policy in naming directors of Texas Technological College at Lubbock. The terms of these directors on that board expired yesterday.

Jester said he hoped to be able today or tomorrow to submit to the senate the names of his appointees to the board of regents of the University of Texas and the board of directors of A. and M.

"Bad Guess" Cited

Commenting on published reports that he was particularly considering certain individuals, he said one such story included "one bad guess."

"The geographical consideration would eliminate the name of Thomas E. Ramsey of Tyler as a possible appointee to the board of regents," the governor said in his press conference. "He is a good man and would make a good regent, but he has one regent from that area."

Jester said definitely that he would name one woman to the board of regents.

Rockwell "Acceptable"

Asked about speculation that James W. Rockwell of Houston was also under consideration as a regent, the governor would say "Rockwell 'Acceptable.'"

Asked if he would clear regent appointments with Sen. James Stanford of Austin, Jester replied: "He is not as possessive as Senator York."

Jester added that he was following the policy of clearing each possible appointee with the senator from the district, and in the case of A. and M. directors, also with Sen. J. Alton York of Bryan, in whose district the college is.

Asked if he would clear regent appointments with Sen. James Stanford of Austin, Jester replied: "He is not as possessive as Senator York."

G.O.P. LEADERS PUSH PLAN THROUGH FIRST TEST DESPITE FIGHT

RAYBURN LEADS DEMO OPPOSITION TO HUGE SLASH IN SPENDING

WASHINGTON, Feb. 20.—(AP)—House Republicans won the first test today in their drive to cut \$6,000,000,000 off President Truman's budget, putting over a rule forbidding amendments to their economy resolution.

Democrats shouted "gag" and "Charley rule" at the G. O. P. tactics, but Republican ranks held firm to put through the rule.

The vote, by roll call on strict party lines, was 229 to 173.

Rayburn Assails Cut

The action came in the face of a declaration by Democratic floor leader Rayburn of Texas that the budget slash would help push reluctant millions abroad "into the arms of Communism."

Saying "you can't cure Communism by making a speech," Rayburn declared that millions in China and in Europe were counting on this nation to provide relief, to keep them from starvation.

"If we do not help those near

"GET WILLIE GREEN HERE"—CIO President Philip Murray (above) testifying before the senate labor committee in Washington, said: "You get Willie Green down here so he and I can sit down with this committee and work out an agreement right here." His suggestion for a conference with Green, AFL chief, came after questions on jurisdictional disputes. (AP Wirephoto).

BILL TO BAN PORTAL PAY SUITS GIVEN APPROVAL OF SUB-PANEL; FAVOR OF FULL SENATE LIKELY

WASHINGTON, Feb. 20.—(AP)—A senate judiciary subcommittee today approved legislation outlawing portal-to-portal back pay claims, except those covered by agreements between employers and employees.

The bill was sent to the full judiciary committee whose chairman, Senator Wiley (R-Wis.) predicted it would be approved next Monday.

It is possible, Wiley said, that the senate may be ready to take it up on the floor by the end of next week. The Republican leadership and union representatives reached a tentative wage agreement less than three hours before the deadline.

The agreement, subject to ratification by the union membership, was accepted for the union by O. A. Knight, international president of the CIO Oil Workers. He promised it would be presented to the members within 72 hours and said that meanwhile the strike was suspended.

Frank E. Wenig, chairman of the federal conciliation panel which has been in session with company and union representatives for several days, said the wage proposal of the Standard Oil Company tentatively accepted by the other five major companies in base pay, plus a provisional cost of living increase of \$17.50 monthly, effective from Jan. 1, 1947, to Dec. 31, 1947, with the provision that after Sept. 1 either party may reopen the matter of wages.

A union spokesman said the agreement was reached on behalf of the Standard Oil Company and the General Petroleum Company. It was indicated, however, that any agreement reached by these companies would be accepted by the other five major companies in this region, the Shell, Union, Tidewater Associated, Richfield and Texas.

Area Four Blocks Square Wrecked By Explosion In Vicinity Of Los Angeles

LOS ANGELES, Feb. 20.—(AP)—At least 30 persons were killed and more than 300 were injured, 25 critically, in an explosion that rocked downtown Los Angeles today and was felt for miles.

It destroyed the one story brick plant of the O'Connor Electro-Plating Company, where some 25 persons were employed, together with four nearby residences. Other buildings over a block area were wrecked.

The plant was at 922 East Pico boulevard, a mile south of the Civic Center, where the blast was plainly felt.

Emergency Hospitals Full

Emergency hospitals were swamped and scores of persons were taken in private automobiles to other hospitals. Some bodies were found beneath ten feet of debris. The explosion was followed by fire.

"The whole area seemed to go up in smoke similar to the pictures we've seen of the atomic bomb explosions," said Battalion Fire Chief William Tynan, who witnessed the blast.

Police said "it was the worst holocaust in the city's history—the greatest accident Southern California, since the earthquake of 1933."

25 Cars Destroyed

More than 25 automobiles parked in the vicinity were destroyed. Whether any occupants were killed was not determined.

Screams of the dying and injured added to the confusion caused by thousands of spectators who thronged the vicinity. Others sought vainly for relatives in the stricken region.

As crumpled bodies were borne out on stretchers, laid on sidewalks and tagged for identification, firemen delved with shovels in the debris searching for other victims.

Morgue Set Up

An emergency morgue was set up in a private mortuary, and all the bodies were rushed to the spot. Twelve fire companies fought the flames set up by the blast.

The first person found dead was a boy of 13 or 14 who had been peddling magazines on a bicycle route a block from the plant. A long piece of pipe hurtled down and crushed him.

Witnesses said the explosion thronged the area hampering rescue work. The explosion, which rocked

VITAL OIL PIPELINE CUT IN PALESTINE; NEW BLOWS STRUCK

By JOSEPH GOODWIN

JERUSALEM, Feb. 20.—(AP)—Blasts near the port city of Haifa ripped the Iraq Petroleum company's pipeline early today after a night of renewed terror punctuated by explosions, mortar fire and the chatter of small arms.

A woman speaking English and claiming to represent the underground Jewish organization Irgun Zvai Leumi telephoned foreign correspondents and said "we want to inform you the operations carried out last night were done by our soldiers in reply to the fact that Jewish refugees have been expelled from their homeland to which they had returned."

Armored Patrols Haifa

Armored cars patrolled Haifa, from which untrained Jewish immigrants sail to Cyprus and detention.

The renewed violence, after comparative quiet in Palestine for several weeks, came as the Jewish and Arab press attacked the recently announced British plan to turn the whole problem of the Holy Land over to the United Nations.

In the all-Jewish city of Tel Aviv, the government public relations office announced it had received its third bomb warning in 24 hours. A search of the building failed to uncover any explosive.

The extent of the damage to the

See PALESTINE, Page 2

QUESTION OF NEW TAXES MAKES FIRST APPEARANCE ON FLOOR OF TEXAS HOUSE IN THIS SESSION

AUSTIN, Feb. 20.—(AP)—The question of new taxes made its first appearance on the floor of the Texas House today.

Rep. C. S. McLellan of Eagle Lake moved to re-refer his natural gas tax from the committee on finance and taxation to the appropriation committee of which he is vice-chairman. His motion was tabled by a 73-to-52 vote.

He asked for the transfer of the bill so that it could be studied this afternoon in connection with a public hearing on Rep. Dallas Blanton's bill to raise per capita school apportionment from \$36 to \$55 in order to give teachers a \$2,000 minimum salary.

Building Plan Changed

Rep. Claude Gilmer of Rockport, chairman of the appropriations committee, opposed McLellan's motion and moved to table it, arguing that his committee would be overstepping its authority if it considered how appropriations are to be financed.

The senate passed an amended version of a proposed constitutional amendment to give state-supported colleges and universities \$50,000,000 for a permanent improvement program.

If approved by the house the amendment will be voted on by the people Aug. 23, 1947.

Two Senators Opposed

The senate was split 20 to 20 with Senators Pat Bullock of Colorado City and Sterling J. Parrish of Lubbock dissenting.

The amendment would allow the University of Texas and Texas A. and M. to receive \$15,000,000 in bonds and would allocate five cents of the state 35 cents ad valorem tax to secure bonds for the 14 smaller state institutions.

The amendments would prohibit remission of taxes on the five cent

HOUSE RESOLUTION SCORING O'DANIEL GOES TO COMMITTEE

AUSTIN, Tex., Feb. 20.—(AP)—A house resolution denouncing Sen. W. Lee O'Daniel (D-Tex.) for what it called his "petty political slanderous statements" about Joe B. Dooley of Amarillo, nominee for Texas North District Federal Judgeship, was shunted to the state affairs committee today.

The resolution, by Rep. J. W. Shannon of Stephenville, said that O'Daniel represented "not the people but the corporate interests" of Texas.

It quoted O'Daniel as saying that Dooley was "personally obnoxious" and that Dooley represented the oil interests.

The members of the 50th Legislature refute the statement that O'Daniel represents the common people of Texas; the resolution said, it claimed that the junior senator from Texas had collected \$100,000 from oil men for his O'Daniel News.

Rep. F. G. Swanson of Tyler spoke against the resolution, saying that the far-astled in that federal appointments were not the concern of the Texas legislature.

The resolution added that "six million Texans are looking to the United States senate judiciary committee and the United States senate to ignore the petty political slanderous statements of O'Daniel and to confirm the appointment of Dooley."

Shannon also commended Sen. Tom Connally (D-Tex.) for his sponsorship of Dooley in the resolution.

PROTESTANT COUNCIL PLANS COMMISSION FOR ECONOMIC WORK

PITTSBURGH, Feb. 20.—(AP)—A conference of 350 Protestant churchmen seeking to blend Christianity and modern economics met today in final session in an attempt to find the formula.

Charles P. Taft of Cincinnati, chairman of this unique national conference on the church and economic life and president of the Federal Council of Churches, said that without a concrete "ongoing" plan the effect of these earnest discussions would be lost.

"Without a representatives' commission set up by this conference and further co-operation from the church denominations, the effective results of these discussions would be lost. They wouldn't carry outside this meeting," he said.

Commission Likely

Taft asserted today's final meeting, at which the suggestions from three session meetings will be drafted into the churches' economic program, undoubtedly will establish such a commission.

The first step in this direction was taken last night when one of the section meetings adopted a resolution calling on the conference to set up such a commission.

This resolution asked that the commission undertake research and stimulate discussions throughout the churches to bring Christian principles to bear on economic life.

Nobody expects the program adopted by this conference to be a magical answer to the nation's economic ills but leaders said that it at least will turn churches permanently into this field.

Churches to Mix In

Out of the welter of speeches in the section meetings yesterday came vivid indications that these

PHONE UNION HEAD DEFENDS TALKS ON TRADE-WIDE BASIS

WASHINGTON, Feb. 20.—(AP)—The National Federation of Telephone Workers, preparing for a countrywide strike in April unless its wage demands are met, today opposed legislation to forbid collective bargaining on an industry-wide basis.

Joseph A. Beltrame, the federation's president, told the senate labor committee that only by negotiating such a wide scale can the independent union deal satisfactorily with what he called the "monopolistic" American Telephone and Telegraph Co.

Beltrame appeared with his prepared testimony after calling on the CIO and AFL to join with his union to "fight valiantly" against any restrictive laws a nationwide telephone strike might precipitate.

The NFWU has served notice that its 250,000 members in every state will walk off their jobs "on or about" April 7 unless they get a wage boost. They are asking \$12 a week more.

MAYOR OF CORPUS CHRISTI STRICKEN BY HEART ATTACK

CORPUS CHRISTI, Feb. 20.—(AP)—Mayor Robert T. Wilson suffered a heart attack in his office shortly before noon today and Dr. Gordon Hanney, the attending physician, said that Wilson's condition was "critical." He has been placed under an oxygen tent.

Wilson, 53, is the brother of Charles E. Wilson, president of General Motors Corp. Mayor Wilson is president of the La Gloria Corporation and the Reynolds Pipeline Company.

He was elected mayor at a special election last year and recently announced for re-election in the April 1 balloting.

U.N. IN FULL-SCALE DEBATE ABOUT U. S. SOVIET ATOM PLANS

LAKE SUCCESS, N. Y., Feb. 20.—(AP)—Three principal points of dispute between the Soviet Union, the United States and the United Nations Security Council delegates discussed possible ways to control atomic energy.

The council was called to meet for an important general debate on the Russian and United States proposals now before the delegates.

It was generally agreed among the delegates that the three outstanding points at issue were:

1. The veto.
2. A convention prohibiting atomic weapons immediately.
3. The lack of powers for constructive work on atomic energy in control scheme.

On the veto, the United States remained firm in its demand that the veto right in the Security Council must not apply on atomic matters, particularly on punishing offenders of any atomic control set-up.

Russia is equally as firm in demanding that the veto runs without alteration which means that the veto would apply on the atomic question as well as any other.

Russia also wants all atomic controls established within the framework of the Security Council.

The United States, on the convention issue, has insisted on a treaty or a convention which would build up atomic controls, adequate safeguards, and every phase of atomic development in one tight package.

Russia, on the other hand, wants an immediate convention prohibiting use of atomic energy for warlike purposes immediately and another convention setting up the system of controls.

Crime Career Of Notorious Ex-Con Ended At Chicago

CHICAGO, Feb. 20.—(AP)—Police machine gun fire killed Elmer Henry Pierce, notorious Milwaukee ex-convict, in an ambush at a deserted elevated station in suburban Westchester before midnight last night.

Detective Joseph McCabe—one of nine policemen who laid the trap—opened fire on Pierce, 37, charged with murder in the wild Milwaukee street-car slaying of his niece last Jan. 7.

He said Pierce, described by police as a "dangerous maniac" ignored orders to surrender and reached for a loaded revolver in his overcoat pocket.

Shot 16 Times

McCabe raked Pierce with 16 shots at a distance of 10 feet, killing him instantly. Andrew Aitken, deputy chief of detectives, several weeks ago warned police to "have your weapons ready at all times" because of Pierce's "wild" behavior.

Pierce was slain a few minutes after he alighted from the elevated train. He walked up a catwalk from the depressed tracks to the station and through the door. He was the only passenger to get off the train.

As he walked into the street, McCabe called to him: "Raise your hands. We are police officers."

Pierce turned toward McCabe, with his left hand outstretched as though to ward off a blow. McCabe said he saw Pierce's right hand clutching a revolver in his overcoat pocket. McCabe fired as did Police Chief Daniel E. Schuler of suburban Wheaton. Pierce fell, mortally wounded.

Police said they found Pierce's loaded revolver in his overcoat pocket and a roll of thin aluminum wire which, Aitken said, he had used to bind the hands of some of his robbery victims.

Pierce, who had a Milwaukee police record of 50 holdings previous to his imprisonment in Wisconsin from 1930 to 1942, had been connected with Milwaukee police with a series of holdups and the kidnapping of a garage attendant there since the shooting of his niece.

No Time to Buy

BABSON PARK, Fla., Feb. 20.—(AP)—This is no time for buying new houses, bonds or low-price stocks that have been since the day of the crash, a financial analyst and writer, said today.

U Of T Paper In New Battle

By DAVE CHEAVENS

AUSTIN, Feb. 20.—(AP)—Johnny Bryson of Amarillo, editor of the Texas Ranger, University of Texas student humor magazine, charged today that "political censorship" had wrecked his February issue.

Dr. DeWitt Reddick, a member of the magazine's editorial propriety committee countered with an assertion that such charge was premature in view of the fact that only one member of the three-man committee had seen five articles that Bryson claimed were censored.

Article Is Attacked

Thus the college humor magazine for the second time in a week found itself in hot water. Saturday, Vice President James C. Dooley of the University protested that "The Cheat Complaint," a story by Bryson claiming that two

thirty of the students admit they cheat on examinations, was "irresponsible."

To this Bryson replied that the three-member propriety board had passed the article a month ago and that no criticism had been voiced by the university until the article was reprinted in Life magazine. He denied that it was "irresponsible."

Commenting today on what he termed needless rejection by one member of the board of some paragraphs in an article intended for February publication about participation of a student in Gov. Beauford H. Jester's victorious campaign for governor last summer, Bryson said:

"Political Censorship"

"This is political censorship. It looks like they are trying to get me to resign, but I won't. It may look like we are trying to stir up

trouble, but we are not."

Jester defeated Dr. Homer P. Rainey, discharged president of the University, for the governorship.

Bryson said five of eight articles meant for February publication had come back to him marked "re-write." The inference, he said, was that they were smutty.

Jester Campaign Helper

"That's okay. We won't fight over that," he said, "but my chief objection is to deletion from the Jester article of a paragraph concerning Pat Smith, first president of the University Ex-Servicemen's Association, with Gov. Jester's 'People's Path.' A member of the committee turned thumbs down on mention of his participation in the Jester's campaign."

The article was a personality

Training, Draft Under Study

WASHINGTON, Feb. 20.—(AP)—President Truman said today he will send a message to congress advocating universal training as soon as his committee has completed an inquiry.

Mr. Truman at the same time told a news conference the question of a message dealing with extension of the draft was still under consideration.

He made this comment when a reporter said there was a rumor around the war department there would be no request for drafting authority.

The present draft law will expire March 31 unless there is a request for an extension and congress takes action.

Dr. Karl E. Compton, president of Massachusetts Institute of Technology, heads a committee which is making a study of universal training for Mr. Truman but its report is not expected to be ready before some time in April.

The armed services have been reported favoring congressional action to establish some form of universal training in preference to requesting an extension of the draft law.

The President, in response to one question, said that he would send a message to congress soon on universal training.

The President said that when a decision is made concerning draft extension he will inform the press.

Mr. Truman said he still is for universal training.

In response to another question, he said he had been for it since 1905. He added that he went into training himself as a National Guardsman when he was 21.

TWIN SISTERS GIVE MUSICAL PROGRAM AT LIONS MEETING

A musical program by the Shaw twins of Dawson and short dress on the work of the American Red Cross by Milton Gilliam, field representative, were the highlights of today's weekly luncheon meeting of the Lions club in the Navarro Hotel.

Twin sisters, Frankie Nell and Virginia Nell Shaw, freshmen at Dawson High School, rendered two musical selections, accompanied by Mrs. Vernon Hull. They were introduced by Ray L. Waller.

Gilliam, currently conducting a first aid instructor's course each evening in the corporation court room, explained the workings of the course and the eventual benefits.

"First aid is still necessary these days. During the war it seemed that everyone got on the bandwagon because they were afraid of getting bombed. Now, with the war over, our accident rate has risen over the nation. In Texas in 1946 there were 1,935 deaths by highway accidents. This figure does not include the injured, some of whom are crippled for life," he stated.

J. Dave Walker introduced Lloyd Carraway, 1947 Navarro county chairman, who in turn introduced the speaker. Gilliam is representative in 65 counties on matters pertaining to safety service.

Robert Downey, an outstanding safety speaker, will be the program feature for next week. J. W. McAdams, general program chairman, announced. He will also speak at Navarro Junior College, Senior High and Junior High schools.

Don Winslow brought to the members' attention a recent article on juvenile delinquency in the club magazine, citing a few paragraphs that he thought pertinent to the present situation in Corsicana.

T. W. Fluker was the secret handshaker with Oliver Watson disclosed as the winner. The Rev. W. O. Harmon brought the invocation. There were 76 members and guests present. In addition to those on the program, guests were C. M. Duke, Bill Banks and Eugene Hunley.

LIKE STUPID SHEEP, MEN ARE FOLLOWING FALSE SHEPHERDS*

World Never Before Needed the Leadership Of the Good Shepherd as Now -- The Witeness of Sheep -- A Scene in Palestine -- Abundant Life For All.

By WILLIAM T. ELLIS and EARL L. HOULASS

One evening last week I was walking along the wall of Jerusalem. As we came to the Sheep Gate, where sheep are marketed, we beheld an incident that remains indelibly in my memory. The day's business was all over except the sale of one small flock. The owner, fat and well dressed, was bargaining volubly with the butcher.

To one side, covering close to the shepherd, as if aware of the fate that awaited them, were the sheep. And the disconsolate shepherd was the complete picture of misery. Grief over the fate of his flock, every one of which he knew by name, showed in every line of his face and in his whole demeanor. He was a good shepherd, who loved his sheep.

Most travelers in Palestine bring home memories of shepherds and sheep. For it is a pastoral land. Nothing suggests the Good Shepherd more vividly than a shepherd carrying a lamb in his arms. On the wall of my home hangs a picture of the Good Shepherd on a steep and thorny mountain side, going to the rescue of a lamb entangled in the brambles. However, the picture is not a shepherd. It is a shepherd's flock. The picture well portrays the dauntless care and protection of the Good Shepherd. It is a picture of "The Ninety and Nine." How many shepherd laments there are to illustrate this lesson!

"Like Sheep" Sheep track their way through the entire Bible from Genesis to Revelation, reaching a high point in the Twenty-third Psalm. Isaiah pictures the sheep-likeness of mankind—perpetually contemporary portrait.

"All we like sheep have gone astray; we have turned every one to his own way." The old prophet is not very flattering when he describes us "like sheep," for the sheep is one of the stupidest and most helpless of animals. And he is "like sheep" that we do our stupid sinning. A cantankerous bull-wether goes over the fence, and the whole witless flock follow him. Most of man's sinning is of this type. We follow a multitude in our sinning. Seldom is sin a matter of deliberate, personal choice. We go astray because "Everybody's doing it." We follow the sheep pattern.

The Good Shepherd As we read the words of Jesus about false shepherds, we realize that today there are many such. The most extravagant claims are put forward by leaders of new and strange cults; and none of them too weird to secure following. "Father Divine is only one such. The prevalence of these religious aberrations in a day which calls itself enlightened is a phenomenon worthy of study. In most of them the profit motive is glaringly apparent.

Jesus called Himself the Good Shepherd and proved His claim by laying down His life for His sheep. He is Protector, Preserver, Provider. He not only leads His flock into green pastures and beside still waters, but He also protects them from wolves and other foes. We may not forget that the Good Shepherd carries a rod.

Every ripe Christian can testify to experiences wherein Jesus has defended and delivered him. He has been Caretaker and Comforter of our souls. His presence and His providence have been the vital factor in our lives. And wonder of wonders, His very life has been shared with us, imparting power and joy beyond all telling.

Countless times it has been pointed out that the Christian life is a problem in addition, and not in subtraction. Jesus offers the more abundant life to His followers. Wide, high, deep and rich experiences are promised to all who accept Him. Most of us live thin and superficial lives; the shepherd's call is to the abundant life. That life is one of fellowship and fellowship with Him. It is a life of peace and joy. Ten thousand saints have testified that even behind prison bars and beneath

torture's rack they have found Christ true to His promises. The faith has conquered the world's greatest empires.

We pause to consider the witnesses who have tested the Good Shepherd and found Him true. It is easy to visualize them when walking through the Roman catacombs; it takes more imagination to recognize them in our own time and environment. All about us are consecrated men and women who are definitely and devotedly following Christ. Power to endure the unendurable has changed a multitude of sinners into saints, cowards into heroes. They are not all in any one fold, but they do belong to the Good Shepherd's flock. Upon their line of his face and in his whole of a remade world.

SEVEN SENTENCE SERMONS All that I am or hope to be I owe to my angel mother. —Lincoln.

Success does not consist in never making blunders but in never making the same one the second time. —Shaw.

He is a freeman whom the truth makes free. And all are slaves besides. —Cowper.

There is a world of realities, of which all the beautiful things on this earth are mere faint reflections. —Plato.

I am the good shepherd; the good shepherd giveth his life for the sheep. —John 10:11.

I will not ask that I may see The path that lies before; My Father's hand is holding me. Why should I ask for more? —Webster.

"Quit you like men, be strong," and the excess of your strength today will give you more strength tomorrow. —Gladstone.

The Sunday School Lesson for February 23, is, "The Good Shepherd"—John 10.

Number Of Navarro Countians Join Army

The army recruiting sub-station announced today the names of three Navarro county men who have enlisted in the service for periods of the years.

William LaRue Paschall, 17, son of Mrs. Lillie Kirk, Route 5, Corsicana, has enlisted in the signal corps with overseas assignment preference as the Pacific area.

Possey Payne Albritton, 17, son of Mr. and Mrs. M. R. Albritton, Kerens, has enlisted in the army air forces. He has attended North Texas State Teachers College and Navarro Junior College.

Robert Lewis Baxter, 17, son of Mrs. Opel L. Baxter, Kerens, has enlisted in the army air forces. Recruiting officials disclosed Wednesday that combat wounded partially disabled veterans of World War II may be enlisted in grade if the application for enlistment is submitted on or before March 31, 1947.

Further information may be obtained at the office, located at 110-12 West Collin street.

Robbers Secure \$63 In Nickels, Pennies

An estimated \$63 in nickels and pennies was stolen Tuesday night or early Wednesday morning from the Red Top Cafe near Rice, Sheriff David Castles disclosed Wednesday.

Entry into the building was made by climbing through a window on the north side. The nickelodeon was broken open and an estimated \$60 in nickels taken. Three dollars in pennies was taken from a drawer in the office.

Billy Bishop, owner of the cafe, told investigating officers the burglar overlooked other valuables. Exit was made through the front door.

Investigating the crime was Deputy Sheriff Raymond Myrick and Highway Patrolmen R. M. Arnold and Byron Currin.

LEGISLATURE

CONTINUED FROM FIRST PAGE

Redistricting became one of the paramount issues facing the legislature early in the session. The question was first raised when Phil A. Schraub of Corpus Christi came before the house claiming election from a district which does not exist, but which would exist had the state been redistricted in accordance with the constitutional mandate.

Schraub's Case Up. Yesterday Schraub's case came up again, this time before the house committee on elections. It voted to ask Attorney General Price Daniel for an opinion on Schraub's appeal for recognition.

While the heaviest work continued yesterday in both house and senate committees, a steady flow of bills was introduced in both houses. Among them was another veterans bonus proposal presented by Rep. Roger Q. Evans of Denison. He proposes to raise the estimated \$300 to 400 million dollars necessary through a tax levy on all natural resources.

Sen. James Stanford of Austin offered the senate a proposed constitutional amendment authorizing expenditure of \$1,000,000 a year for the next five years to advertise Texas.

Vehicle Safety Bill. A motor vehicle safety responsibility bill was presented in the senate by Sen. G. C. Morris of Greenville. It would require a motorist to deposit or show security to cover personal injury or death or property damage over \$50 in an accident.

Rep. Grady Moore of Clarksville introduced a bill to provide representatives of occupations on the state board of education and requiring that a majority of the board have children attending public or private schools or colleges.

The senate constitutional amendments committee passed a proposal to distribute per capita funds according to school attendance instead of by scholastic census by a 4 to 3 vote.

Ald Bill Favored. A house resolution proposing state assistance to physically and mentally handicapped was favorably reported out of the house constitutional amendments committee.

Sen. Fred Harris' uniform traffic code for Texas was recommended for senate passage by the highways and motor traffic committee.

After a three-hour session the House Municipal and Private Corporations committee tacked three amendments on a proposed civil service act for Texas firemen and policemen and then sent it to a sub-committee indefinitely.

Board Not Approved. A 7 to 6 vote sent a bill designed to create local five-man boards of managers for state eleemosynary and reformatory institutions back to the house with an unfavorable report.

The House Insurance committee favorably reported a bill allowing insurance companies to invest up to five per cent of their gross capital assets in real estate.

Parents of Son. Robert Nolen Brown was born at the Navarro clinic Sunday, the son of Mr. and Mrs. Nolen Brown of Frost.

The grandparents are Mr. and Mrs. Drew Gillen of Blooming Grove and Mr. and Mrs. C. O. Brown of Frost. Mrs. Brown and little son was taken to the home of her parents, Mr. and Mrs. Gillen, Tuesday afternoon.

PALESTINE

CONTINUED FROM FIRST PAGE

pipeline was unknown, an official communiqué said. The bulletin said the line was severed at two places in the Haifa area—near the village of Indur and near the Conco-Lated Refineries, Ltd., on Haifa Bay.

R. A. F. Station Attacked. Earlier, at nearby Eln Shemer, a Royal Air Force station was attacked with mortars, machineguns and light arms. A counter-attack by RAF regiment was credited in an official announcement with driving off the attackers.

Criticism of Britain's announced intention to turn the Palestine dispute over to the U. N. appeared generally.

Palastin, Jaffa Arab paper, saw evidence in the plan "that Britain alone is our opponent and that we were deceived by her appearance as a neutral power between us and Zionism."

Palastin said resort to the U. N. would make the case of the Anglo-American sphere of influence, which is infected with the Zionist influence, to another sphere containing Arab and Moslem states."

Local Man Receives Guard Assignment

AUSTIN, Feb. 18.—(AP)—Appointments and assignments in the National Guard announced by the adjutant general's department included:

From where I sit... by Joe Marsh

Where Cissy Spent
Her Honeymoon

Most of the young newlyweds in our town spend their honeymoon at Roundstone Lake or Jackson Falls; why the Martins even went as far as New York City.

But when Cissy Cupper married the young Carter boy, they allowed as how they were going to spend their honeymoon right here.

"There's no place better than our town," Cissy says. "And I'd like to start married life at home, with things Dad and I are used to."

Makes sense, come to think of it. Folks naturally left them alone;

and except for occasional visits to the Garden Tavern for a glass of beer, they stayed at home, getting used to married bliss.

My misers prefer traveling—and that's her right. But from where I sit, there's no place better for a honeymoon—or second honeymoon—than right at home—with your own possessions, good home cooking, and a friendly glass of beer or two—with the best companion in the world.

Joe Marsh

District Supervisors, Navarro-Hill Soil Conservation District: Morris Crawford, chairman; W. C. Pearce, vice-chairman; Thad Jones, secretary; E. Creekmore and W. Lewis David, members.

Six members of the Navarro group met with representatives of the Corsicana soil conservation service office Friday to discuss application of practices to be installed this spring.

E. D. Smith, conservation group leader, opened the discussion, giving valuable information to the group on results of conservation practices already established on his farm. Clint and Hugh Fouty and V. H. Bottoms also passed on to the group encouraging results on conservation practices tried on their farms.

V. H. Bottoms has just completed plowing in gullies and sodding 2 1/2 acres as a waterway for terrace outlets and 5 acres to be used as a pasture strip and for terrace outlet water. Bottoms flat-broke the land and dropped Bermuda grass roots into each furrow to insure a quick cover of sod.

T. A. Talley of the North Roane conservation group intends to plant a strip 40 feet wide along his terrace lines in some early maturing crop in order that terraces may be built in the summer or early fall.

Jim Grinnett on the H. O. Varnell estate farm near Barry, has been busy building up his terraces the past few days. He reports a good germination on the White Dutch clover seeded last fall.

The West Pickett conservation group was established recently at a meeting of an interested group of farmers in that vicinity. A. L. Weeks got the interested group together for a discussion on the soil conservation movement from its beginning, and through the action necessary to establish a conservation plan on the farm.

Those making application were: A. L. Weeks, J. O. Hollingsworth, Cecil Moore, Will Thompson and Henry Murphy.

Worham Conservation News.

A group of Worham farmers met at the city hall Thursday and organized the Worham conservation group. They will cooperate with the Navarro-Hill soil conservation district by planning and installing a complete soil conservation plan on their farms.

Members of this group are B. E. Bounds, James R. Bounds, R. G. Seely, E. C. Butler, C. K. Bounds, H. Strunk, J. P. Stubbs, Joe T. Drumwright and E. A. Peurifoy.

Logan W. Crews represented the Worham work unit of the soil conservation service at the meeting, explained the district program, and outlined the assistance given farmers through the district. The objectives of the Navarro-Hill conservation service are putting each acre of land to its best use according to its capacity to produce, treating each acre according to its needs, the maintenance or improvement of soil productivity and economically sound conservation farming.

Another group of farmers met in the work unit office and organized the Tehuacana Creek conservation group. This group will include J. P. Black, M. S. Bounds, R. T. Finch, Mrs. Kate Hackney and O. D. Williams.

Mrs. J. D. Murphy whose farm is in the Currie conservation group is building two miles of terraces this week and will construct a terrace outlet channel to receive run-off water. This outlet channel will be seeded to grass to prevent erosion.

MIAMI, Fla., Feb. 20.—(AP)—Florida footnotes:

The natives have different names for the outlander sun worshippers who flock to Florida—and the names change with the season.

"In summer when they stay at hotels they are all dandybunks," said a bartender, "but in winter they are 'our Northern guests'."

Broke tourists and others who come down to live off their wits "snowbirds." Those who can flash a big wad are "our winter visitors."

The average tourist spends about \$15 a day, rain or shine. State chamber of commerce officials expect 4,500,000 visitors this season—about the same as last year.

Whether they will spend the \$605,000,000 they left a year ago is another matter.

Trains may run late here but hotel rooms are rented strictly on schedule.

One man who phoned for hotel space was told by the manager: "Yes, I have one \$16 room open which I can hold for ten minutes."

The tourist jumped immediately into a cab and clocked himself. He got to the hotel desk in 12 minutes flat.

"Sorry," said the manager, "I rented that room two minutes ago."

Tourists still squawk vehemently—particularly on cloudy days—at the high prices for accommodations. But you don't hear the complaints so widespread in the boom period of gullible buyers finding the real estate they purchased covered with ten feet of water.

The Florida real estate commission has corrected a flagrant mistake. Although 102,000 real estate deals were completed in Dade county (Miami area) last year, fewer than 100 complaints were lodged against brokers.

Roundup Undesirables.

PEELING, Feb. 20.—(AP)—Peeling police rounded up more than 2,000 persons, holding 1,689 under arrest today as Police Chief Tang Yung-Hsien speeded the police investigation of "undesirable elements."

Search teams numbering nearly 8,000 men combed the city, which was divided into 12 zones.

FUNERAL RITES FOR MRS. F. M. MARTIN, PIONEER, THURSDAY

Funeral services for Mrs. F. M. Martin, 61, native Texan and pioneer Corsicana, who died at the family home, 1427 West Collin street late Tuesday, were held Thursday morning at 10:30 o'clock from the McCannan funeral chapel. Burial was in Oakwood cemetery. The rites were conducted by Rev. W. R. Heard, pastor of the Eleventh Avenue Methodist church. Mrs. Martin had been a Methodist since childhood.

Widow of the late Capt. Marion Martin, Confederate veteran who led a company of soldiers from Navarro county lieutenant governor of Texas 1885-1886, and member of the Constitutional Convention that framed the present Texas Constitution. Mrs. Martin was born April 26, 1855 at Mt. Enterprise, Rank county, Texas, and came to Navarro county with her parents as a child. Her brother, the late J.

No Vacant House; No Regional Office

Just one little old vacant house—and Corsicana would have landed the regional office of the state department of public welfare, it was learned Thursday.

When the office was removed from Tyler it anticipated the new location would be in Corsicana. The director, however, was unable to find suitable living quarters here for his family, and the office went to Crockett.

L. Harlin, was a former county judge of Navarro county and mayor of Corsicana. The courthouse here immediately preceding the present structure was erected during Judge Harlin's administration. Surviving as a son, Marion Martin; a granddaughter, Mrs. L. R. Hayes; a great-granddaughter, Marion Elizabeth Hayes, all of Corsicana, and other relatives.

Funeral services were held at the McCannan funeral chapel, 112 West Collin st., Thursday morning at 10:30 o'clock. The rites were conducted by Rev. W. R. Heard, pastor of the Eleventh Avenue Methodist church. Mrs. Martin had been a Methodist since childhood.

Widow of the late Capt. Marion Martin, Confederate veteran who led a company of soldiers from Navarro county lieutenant governor of Texas 1885-1886, and member of the Constitutional Convention that framed the present Texas Constitution. Mrs. Martin was born April 26, 1855 at Mt. Enterprise, Rank county, Texas, and came to Navarro county with her parents as a child. Her brother, the late J.

EXPANSION PROGRAM, ENLARGING PLANT, IS ANNOUNCED BY KEENS

Expansion plans entailing expenditures of between \$25,000 and \$30,000 were announced Thursday by L. S. (Tiny) Keen, of "The Keens," Corsicana frozen food locker and meat products dealer.

Keen announced an addition to the firm's \$100,000 rendering and slaughter plant, located outside the city limits at the end of South fifteenth street. The firm operates the unit in what used to be the Magnolia brick yard.

According to plans, work on which will start immediately, the expansion will include additional meat coolers and a sausage kitchen to augment the present slaughtering and processing equipment.

The firm operates a rendering plant in connection, in which dead animals are turned into soap grease, stock feed and fertilizer.

According to Keen, the plant when completed, will compare with similar ones at Waco and Dallas. Keen and his brother, Col. Curtis A. Keen, and Mrs. L. S. Keen, are active in the operation of the firm.

Seventy-Fifth Natal Day Richland Woman Observed Monday

The seventy-fifth birthday of Mrs. D. D. Anderson of Richland was celebrated Monday at her home. Sixteen guests called. Mrs. Anderson is a native and life-long resident of Navarro county and she and her husband have resided in the same house the past 45 years.

The five children called during the week-end. They are Mrs. F. W. Durr, Corsicana; Mrs. G. W. Rhoad, Sr., Corsicana; Mrs. Bertha Farmer, Corsicana; L. E. Anderson, Richland, and A. B. Anderson, Frost.

Miss Julia Callicutt Welfare Supervisor

Miss Julia Callicutt of Corsicana has assumed duties as supervisor of the Navarro county area of

the state department of public welfare, with offices on the second floor of the city hall.

Miss Callicutt, a worker in the organization for a number of years, and former supervisor of this area, succeeds Dean L. Woods, who resigned to accept a position

with the Gulf Refining Co. The Navarro unit, furnishing old age assistance, aid to blind, and aid to dependent children, has six workers. The city hall office is the center of administrative work, with the office in the courthouse handling contact work.

Goes to Houston.

NAVARRO JR. COLLEGE, CITY OF CORSICANA SIGN LEASE CONTRACT

The city commission in a two and a half hour session Tuesday approved a lease agreement between it and the Navarro Junior College, postponed action on an ordinance designed to curb trafficking in suspicious second-hand goods and, among other things, closed a city block on which properties of the Bethlehem Supply Co. abut on each side.

Jerry C. Roe, attorney, presented a lease agreement between the City of Corsicana and the Junior College, calling for the college to pay the city \$500 a year for six years on its part of the 31-acre tract recently leased by the city from J. N. Edens, Jr. for \$2,000 a year. Members of the board of trustees of the college attended the session, approved and signed its part of the lease, and the city completed the document by affixing signatures.

A block of East Second avenue, between North Seventh and North Sixth streets, running through the Bethlehem properties and dead-ending into Highway 75, was ordered closed as "hazardous."

John H. Binford, safety engineer of Bethlehem, E. Bristow, division engineer of the Burlington-Rock Island Railroad, and M. E. Savage, senior resident engineer of the state highway department, were

GRADUATES—Miss Charly Allen, daughter of Mr. and Mrs. C. D. Allen, 214 West Third avenue, graduated February 8, from the Scott and White School of Nursing, Temple, and is now waiting her parents. She recently returned from Austin after passing the state board examination. Miss Allen is a 1943 graduate of the Emhouse high school and the Temple Junior College.

present in regard to closing the block. The street has five sets of railroad tracks crossing it, they said.

Complaining Witness Was Only Half Right

A negro had to admit in corporation court that the complaining witness in his case was half right at that.

Arrested on a charge of abusive language and disturbance, the negro said that in the interest of truth, it was really the girl who used the bad language—legged-blankety-blank, he told police.

"Of course," he added, "I is got just one leg."

FARMER BAPTISTS THANK FORTSON FOR PAYING INSURANCE

Rev. R. J. Fletcher, pastor of the Farmer Baptist church, stated Wednesday that Joe B. Fortson had paid fire and tornado insurance premium on the church for three years insuring that congregation against loss to building and contents.

Rev. Mr. Fletcher also announced that members of his church, and their neighbors are paying for a new addition to the church, and that men of the church and others of the community have donated labor to the amount of \$200 in the work. It was stated only one carpenter was employed in the work. The new Sunday school rooms will be completed in the near future.

It is reported that there were 32 present in Sunday school on last Sunday.

HENRY H. DUPREAST FUNERAL SERVICES WEDNESDAY AT 4 P.M.

Funeral services for Henry A. Dupreast, 48, of Corsicana, who died with a heart attack at Hubert Tuesday noon, were held Wednesday afternoon at 4 o'clock at the First Methodist church at Bagwell, Texas, near Clarksville, Texas, in the Shamrock cemetery. The rites were conducted by Rev. Dick Erwin.

Prior to moving to Corsicana a year ago, Dupreast resided at Kerrville.

Surviving are two sisters, Mrs. Ross Wren, Kerrville, and Mrs. J. W. Turk, Gladewater; two nieces, Mrs. Herbert Varley, Corsicana, and Mrs. Elvora Stewart, Kerrville; and three nephews, E. E. and T. W. Wren, both of Kerrville, and Harry Bruton, Corsicana.

Corley Funeral Home directed.

U. T. PAPER

CONTINUED FROM FIRST PAGE

sketch by Jack Gallagher of Pittsburgh, Pa.

Dr. Reddick said that the censorship committee had not considered the Ranger articles Bryson referred to as a whole, and that he had not seen them.

Reddick said the trouble "is what usually occurs on student humor magazines—an over-appeal to sex."

Circulation of 14,000.

"We have had to censor some cartoons and jokes and we have let some go by because they were pretty well written," he added.

Bryson, an ex-service man, said that his magazine had a paid circulation of 14,000—most of them adults and many of whom were GI's.

"While I don't generally object to deletion of matter they consider smutty, some was cut out this time that seems okay to me," he explained. "One of the censored stories went something like this: 'My wife and I used to sleep in twin beds but that was too close—now we sleep in cousin beds.'"

GOLDEN ANNIVERSARY—Mr. and Mrs. A. T. Watson of Barry were honored by their children on their Golden Wedding anniversary, Feb. 9, with a reception at the John C. Buis home, 1613 Woodlawn, Corsicana. Children of the honored couple are Mr. and Mrs. Buis, Mr. and Mrs. Floyd C. Pool, Moran; Mr. and Mrs. J. Henry Fields, Crowell, and Mr. and Mrs. Grady Kelly, El Paso.

LABOR LAWS

CONTINUED FROM FIRST PAGE

Opposition to pending labor legislation also was voiced by Edward G. Wilms, chairman of the independent unions of New Jersey. He told the senate committee the majority of the bills it is considering would "ignite a campaign to spread the flames of Communism among legitimate and responsible labor unions."

For the telephone workers, Beirne said a ban on industry-wide bargaining "cannot produce industrial peace but only chaos and servitude." He asked that Congress either specifically exclude his union from any bi-scale bargaining prohibition, or write an exemption applying to "similarly situated employees and employers."

"Congress," Beirne said, "might very well require instead of prohibit industry-wide bargaining between management and labor in the telephone industry and some other fields where industry is highly integrated, or where close corporate relationships give unusual strength to particular aggregations or combinations of corporate power."

The NFW leader also criticized legislation to outlaw the closed shop and its variations "a most effective producer of union responsibility."

"We do not wish to put labor unions in a legal strait jacket. At the same time, we do not intend to back down from those things which we are convinced are justifiable improvements in our wages and working conditions."

Beirne added that a strike might give Congress "opportunity" to enact legislation which would nullify "all the protective (labor) laws now on the statute books."

Green and Murray already have urged the senate committee not to approve any of the restrictive measures it is studying.

CHURCHES

CONTINUED FROM FIRST PAGE

confering churchmen wanted their churches to mix more in the problems of labor and industry.

The Rev. Francis B. Smyre, Jr., of Cleveland, suggested that churches name "industrial chaplains" whose duty would be to attempt reconciliation of labor and management on problems.

Victor Reuther, educational director of the CIO-United Auto Workers, asked that church representatives come into trade union meetings, saying that trade unions "wanted" their presence.

How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

LOOK INTO the 2-way help of CARDUI

KERENS METHODIST PASTOR IS SPEAKER AT YOUTH BANQUET

Using as his subject "Christ's Challenge to Youth," Rev. J. W. Sprinkle, Methodist pastor of Kerens, was the principal speaker at the annual banquet of the Corsicana sub-district of the Methodist Youth Fellowship, in the educational building of the First Methodist church Tuesday night.

There were 150 young people, pastors and counselors present for the annual highlight of the youth organization and every seat was taken for the banquet served by the Woman's Society of Christian Service of First church.

The youthful pastor told of seeing the bodies of young American soldiers on the field of battle in the European sector who had died to bring peace to the world, and pleaded with his listeners to dedicate themselves to living the life that Christ taught.

He asked for many present to enter the Christian ministry and the girls present to enter lives of full Christian service. He stated that it was Christ or chaos for the future, and asked for a better economic life so that all people could live in abundance and have the things they would have and dedicate themselves to those things that would bring a world at peace.

Preceding the supper, a program was given by the young people of First church. Mrs. Viola Short, director of religious education, was master of ceremonies and led a sing-song with Mrs. Sam Werner at the piano. The invocation was given by the Rev. M. C. Bledsoe, pastor of Central Methodist church.

Eight churches were represented in Corsicana and Rice, Kerens, Dawson and Blooming Grove. In a short business session Glendine White, president, announced that the March meeting will be held in Dawson.

The program consisted of two whistling numbers by Miss Arlene Shell, a reading by Patil John Bunch and a piano melody by Sam Werner. A roll call by Mrs. Short showed delegations were pretty evenly matched. The benediction was given by the Rev. Albertson Peterson, pastor at Blooming Grove.

Present officers of the Corsicana sub-district are:

President: Glendine White, Kerens.

Vice president: Ida Fields, secretary-treasurer, and adult counselors, Lyman Barnes and Rev. Sprinkle.

Truck Fire.

The Corsicana fire department made two runs before 7 a. m. Wednesday.

A truck fire sent the department driving through the rain to a spot on the highway five miles west of the city at 5:30 a. m.

Lightning caused a run to 2115 West Fourth avenue, when a ceiling fan was started by a flash, and then stuck. There was no damage other than to the fan.

A chicken house on the L. S. Cooper farm, one mile west of the city, was destroyed at 4 p. m. Tuesday, according to Fire Chief H. P. Bivins.

EAST NAVARRO FIVE GAINS PERMANENT POSSESSION OF CUP

FROST SEXTETTE FINISHED IN FIRST PLACE AGAINST RICHLAND

A. T. CANANT
Sun Sports Staff.
Powell's blue-clad cagers won the District 36-B basketball championship for the third year in a row when they beat the State Home Lads 10-9 in a strictly defensive game Wednesday night on the State Home court. The Frost sextette won the girls' title handily, trouncing the Richland girls 35-14.

The third place and the consolation title went to the Frost boys on a forfeit when Dawson did not appear for the game, and to the State Home Lassies, who won over the Blooming Grove girls 8-3.

The Powell quintet thus won permanent possession of the basketball trophy by virtue of their three consecutive district titles as well as this year's bi-district title, which also went with last night's win. The Powell five will go directly into regional competition.

The girls' title, favorites to the title since early in the season, came through as expected and stayed well out in front of the Richland girls after the first quarter. The Frost sextette entered a girls' tournament at Hillsboro late this week.

Defensive Battle.
The Powell-State Home game was closely contested, as evidenced by the total score of both teams, which was lower than that of any boys' game this season in the district. The Lads got behind early in the first quarter, but were continually on an uphill pull during the remainder of a tilt in which a one-point margin was a big one.

The Powell five held its lead well, squelched the Lads' forward out from under the basket and forced them to shoot from outside the foul circle. Bates' four points were high for Powell, while Carington collected six for the Lads.

Waco Bengals Cop District 10-AA Flag
Using mostly their second string, the Waco Bengals added another District 10-AA cage crown Tuesday night at Cleburne with a one-sided 44-15 win.

The Waco victory assured the McLennan county quintet of clear title to the crown, marking the tenth straight victory for the classy cagers coached by Major Keithley.

Hough led the victors with 11 points, followed by Pardo with nine. McLain led the losers with seven.

Waco will play Temple Thursday night and Windup the district round robin Friday night with Waxahatchie at Waco.

The Bengals led at half time by a 27-7 count.

LEAD CHANGES HANDS 12 TIMES AS LOCALS GIVE 'CATS SCARE

CORSICANANS LOSE IN LAST-MINUTE SCORE BY VISITING QUINT

Corsicana's improving Tigers literally scared the shorts off 12 Temple Tuesday night, and that's no joke, as the Wildcats testified, reeling off the Junior High court with a hair raising 31-30 win.

Up and tuck from the first second of play, the lead changing hands 12 times, evenly divided, with most of the tilt rocking along as a tie.

At half time the score stood at 15-14 in favor of Temple, but the Tigers forged ahead, only to wilt a little as the Wildcats grabbed back the lead and moved into a 28-20 margin at the end of the third quarter.

Corsicana Takes Lead.
Corsicana grabbed ten points quickly in the final period while Temple managed exactly no tallies, game sailing along at 30-27 in favor of the Tigers with two minutes to play.

With the loss of clever ball handling Bill Reed via the foul route, the Tiger's exception was hurt in an attempted freezing of the ball backfired with Gentry, Wildcat guard swiping the spheroid and passing to Eldo Johnson, center, who sent the game into a 30-28 status after Fenn had collected a gratis toss.

A few seconds later Gentry was fouled and collected the extra point to ice the game. Frantic Tiger effort were futile, the locals rolling down the court like rampaging buffaloes.

Gentry Leads Wildcats.
George Gentry was high point man for the Tigers, which showed an even distribution of points.

Corsicana salvaged a measure of compensation by taking the B contest 32-27. Max Carter lead the locals with 13 points, followed by Corky Harkins with eight, Gentry, by with nine led the Wildcat B string.

George Miller Rites Wednesday Afternoon

Funeral services for George Miller, retired director and vice president of the Magnolia Petroleum Company, who died at his home in Dallas Sunday, were held Wednesday afternoon at 2 o'clock, where interment was made.

A native of Calvert, Miller resided at Corsicana for a number of years prior to moving to Dallas. Surviving are his wife, Dallas; a daughter, Mrs. Jack Womack, Fort Douglas, Utah; a son, George, Fort Douglas, and other relatives.

Corley Funeral Home directed local arrangements.

Speaks at Frost
H. C. Robinson, county agricultural agent, was the guest speaker at a meeting of the Frost Veterans' Agriculture Class in Frost Tuesday night.

Robinson discussed the uses and advantages of using Hubam clover in the blackland region and emphasized the financial return to be gained from seeding it, from the point of view of a cash crop and soil building.

He also discussed the success of hybrid corn in Navarro county. Sixteen of the 22 veterans present took sample sacks of hybrid corn for planting on experimental plots.

FILLS NEW POST—L. T. Potter, Dallas, has been appointed to the newly created position of assistant to the president, according to an announcement by D. A. Hulcy, president of the Lone Star Gas Company. Potter has been with the Lone Star for more than 18 years, and at the time of his appointment was superintendent of production and assistant general superintendent of the transmission division.

LON MORRIS CAGERS DRUB NAVARRO FIVE WEDNESDAY NIGHT

Lon Morris Junior college cagers gave Navarro Junior college a hard freeze of several weeks ago killed and damaged much of the Fall grains (mostly oats) and damaged vetch and other winter crops.

Paced by M. Iguala, tricky Puerto Rican forward, the Morris five piled up a commanding 36-12 lead at halftime and sailed to an easy victory.

In a B game unrehearsed prior to the main go, the Navarro elite shaded the home town boys by a 37-29 count.

Harold Bryant, speedy Navarro guard, led the local contingent in point making, garnering 12 tallies, but M. Iguala, easily copied the high point position of the evening with 21 marks.

In the B game Kormos led Navarro with 12 points and L. Iguala shaded the Morris team with 7 tallies.

The Navarro cagers wind up the season Saturday night in the Junior High hardwoods with Henderson county as the opposition. Both A and B teams will compete.

AGENT ANNOUNCES FEBRUARY, MARCH MEETING SCHEDULES

Miss Eva Sue Merritt, county home demonstration agent, has announced her schedule of discussions with Home Demonstration Clubs in Navarro county for the rest of February and March. In addition to the discussions, two training schools will be held during that period, she announced.

The schedule of the discussions are as follows:
Barry, Feb. 20; Whites Chapel, Feb. 26; Chapman Ranch, Feb. 28; Corbett, March 4; Independent, March 7; Mildred, March 10; Spring Hill, March 11; Oak Valley, March 13; Roane, March 14; Emhouse, March 18; Richland, March 20; Ficklin, March 24; Bazette, March 28; and Dawson, March 27.

A training school on pruning will be held at the YMCA on March 6, and another will be held on March 28 on the remodeling of stables and refinishing of furniture at the same time.

Mr. Farmer
Bring us your hens, fryers and eggs. We will pay you the highest market price in cash.

216 E. 5th Ave.

NAVARRO COUNTY COTTON ACREAGE MAY BE INCREASED

MUCH LAND HAS BEEN ALLOWED TO LAY OUT AND USED AS PASTURE

Navarro County.
There is a possibility that the acreage devoted to cotton in Navarro county may be increased some 10 or 12 percent in 1947 because of the excellent price, but several deterring factors are noted.

One factor is that labor is scarce and that available is high. This reduces the likelihood of profit.

Another reason is that much land has been allowed to "lay out" or was pastured during the past several years, and machinery is not too plentiful and is costly—land that would be required to reclaim for cotton purposes.

Then another consideration is the fact that most farmers have small herds of cattle that are profitable and they must devote a large amount of land to pasturing and feed or dispose of the livestock.

Some Corn Planted.
There has been some corn planted in Navarro county, but most farmers wait until about March 1, H. C. Robinson, county agent, has revealed. Much land has been prepared for planting the past couple of weeks during the favorable weather.

While discussing the grain prospects, the county agent said that the hard freeze of several weeks ago killed and damaged much of the Fall grains (mostly oats) and damaged vetch and other winter crops.

There has been a big increase in Navarro county acreage devoted to Hubam clover, Robinson said. Not only is this a most excellent soil builder, but it is also a cash crop since the demand for the seed has exceeded the supply each year. Robinson also expects the acreage for corn to be larger than last year.

Excessive rains caused the loss of considerable corn yield in 1946. Hybrid corn has gained in popularity in this county in recent years. The yield is some 20 to 30 percent over that of the old type regular corn, the county agent explained, and is hardy. The hybrid corn has been in use in the corn belt states for a number of years, but only in recent years has it become a staple of the area.

Permanent Pasture.
Sweet sudan is being used for temporary pasturage more than the old type since it possesses a higher feeding percentage. Much land formerly devoted to the old type is being returned to permanent grassing and pasturage during the past decade.

There is some spring oats being planted, but the acreage is not expected to be large.

The hog population in Navarro county is still short despite the shortage in pork products. Two factors enter that situation, the high price of hogs and feed, and the shortage of feed the past few years.

The county agent said that a canning and home garden campaign was being formulated for damage and he expects much food to be prepared and put up in this county. In addition to the customary stressing of this type of work by the home demonstration agent and clubs of the county are also planning to secure pressure cookers and participate in the campaign this Spring and Summer.

Long Staple Cotton Import Quota Studied

WASHINGTON, Feb. 19.—(AP)—An official of the agriculture department has recommended to the tariff commission that it delay until May 15 a decision on whether to raise this year's import quota on long staple cotton.

C. C. Smith, assistant director of the department's production and marketing administration cotton branch, urged the action on the commission yesterday during a hearing fixing to determine whether or not changed circumstances require modification of the import quota on cotton having a staple of 1 1/8 inches or more in length.

Some domestic users have asked that the quota be raised, as has the Egyptian government. The 45,656,420-pound quota for the year ending Sept. 10, was filled last Nov. 30.

Smith asked that action be deferred pending a study of available stocks by the department and the tariff commission.

He also recommended that any quota increase be no more than that which is shown to be required, and "not x no x greater than the amount of low grade unsatisfactory cotton entered during the 1946-47 quota year."

Time To Do Some Gardening Now, Expert Declares

About 20 million families over the United States are finding time to plant and care for a garden and save money by raising fresh vegetables at home, says Miss Eva Sue Merritt, county home demonstration agent. In Navarro county there are some phases of gardening that need to be done right now, the agent says.

All of the garden space should be taken up with early vegetables such as English peas, beans, carrots, spinach, lettuce, potatoes and cabbage. Some space should be left for later plantings of tomatoes, peppers, butter beans, okra and egg plant, Miss Merritt advises.

However, tomato soil may be made ready now, says the agent. Prepare the ground about 8 or 10 inches deep for tomatoes, and apply either commercial or barnyard fertilizer, she advises. If the soil is well prepared now it will be in the pink of condition when the plants are ready to set out in March or early April.

February is the time to plant Irish potatoes, too, Miss Merritt says. It is an easy crop to grow, and most farm families plant from one row to an acre each year.

The agent says that planting certified seed potatoes is one of the best bits of insurance one can have toward getting good, healthy potatoes. Certified seed is checked both in the field and in the grading bin to remove all traces of disease or damage.

Banks, Postoffice To Close Saturday

A partial observance of Feb. 22, George Washington's birthday will be held in Corsicana this week end.

Both banks and the postoffice will be closed Saturday. All mail deliveries will be omitted and all windows will be closed at the postoffice. Incoming and outgoing mail will be dispatched on the holiday schedule.

Corsicana public schools will observe Friday, Feb. 21, as a holiday, since Feb. 22 comes on Saturday. Classes will be dismissed Thursday afternoon and will be resumed Monday morning in all schools.

Students at Navarro Junior College and State Home school will not observe Friday as a holiday. Dean C. C. Strickland of Navarro Junior College stated the extra holiday would be used at Easter.

State Home students will carry on with their regular schedule, however the school will have programs commemorating the day. Students at IOOF Home are enrolled in the city schools, and will observe Friday as a holiday.

Retail Merchants Association, city hall and courthouse, along with other organizations and institutions, will be open as usual Saturday, a survey indicates.

Parents of Daughter

A daughter, Donna Janell, weight six pounds, one ounce, was born to Mr. and Mrs. Godfrey Heidecker, 216 E. 5th Ave., at the P. and S. Hospital Monday night at 6:45 o'clock.

The grandparents are Rev. and Mrs. J. E. Inlow of Corsicana and Mr. and Mrs. Godfrey Heidecker, Sr., Fort Worth, former Corsicana residents.

Seven Corsicana Veterans Invited To Buy Vehicles

DALLAS, Feb. 19.—(Sp)—Seven Corsicana veterans of World War II were sent letters of invitation by William D. Jasper, Chief of the Veterans Division of the Dallas Regional Office of War Assets Administration to participate in a sale of "set-aside" motor vehicles at Texarkana.

Veterans were recently invited to send in their names if interested in purchasing truck-tractors, ambulances, carryalls, 2 1/2-ton cargo trucks and combination stake and platform trucks. The response was overwhelming and veterans were invited in accordance with the postmark date on their letter of application, the earliest postmarked letters for each type of vehicle determining the buying sequence.

Jack R. Dove, 416 N. Beaton, was invited to inspect a 1-1/2-ton truck-tractor on Feb. 18, while A. M. Liddell, Box 289, was invited to inspect a combination stake and platform truck, on Feb. 18 and Feb. 14, respectively. Jack A. Stroube, Box 730, was invited to inspect a 2-1/2-ton 6x6 cargo truck on Feb. 17. Urban F. Scroggins, 214 S. 14th St., Henry Stroube, Jr., 401 S. 81st St., and Jimmy W. Farber, 2316 W. 2nd Ave., were invited to inspect 3-4-ton carryalls—all of Feb. 13. Ralph Tatum, Jr., 1569 W. 3rd Ave., was invited to inspect a 3-4-ton ambulance.

This newly instituted system of selling surplus used motor vehicles on the veteran "set aside" list of certified veterans is designed to eliminate the long and tedious lining up at the sale. Five dates in February were selected and an equal number of veterans were invited for each of the dates, Feb. 12, 13, 14, 17 and 18.

Parents of Son.
Mr. and Mrs. Willis Nolan announce the birth of a son, Rhyeban Parsh, Saturday at the Navarro Clinic.

Waller was scheduled to also attend a meeting of the executive committee of the Texas State Teachers' Association, District 10, in the Raleigh hotel. Waller is district treasurer.

Jr-College Officials Attend Waco Meeting

Ray L. Waller, president, and Gaston T. Gooch, registrar, of Navarro Junior College were in Waco Wednesday for conference with the Veterans Administration.

Pending is VA approval of a flight training course to be conducted with the Corsicana School of Aeronautics.

Waller is scheduled to also attend a meeting of the executive committee of the Texas State Teachers' Association, District 10, in the Raleigh hotel. Waller is district treasurer.

TRYING TO GET "PRICE FIXING" LEGISLATION

The Northern and Eastern Manufacturing Concerns are Trying to Get Texas to Pass Legislation to "Fix Prices" On Their Merchandise for Their Selfish Gain and the Public Loss.

Earl Wyatt, Dallas groceryman, head of the Texas Merchants Association, says that he was "dismayed that the people of Texas were not alerted to the fantastic efforts of certain people to raise the cost of living in this State."

Referring to Senate Bill 10, currently pending in Texas - (a law that would forbid a merchant from selling branded or trade-marked articles for less than the minimum price fixed by the manufacturer), Wyatt said, "There should be no law against bargains any more than there should be a law against free enterprise. The Texas Merchants, over the state, want their customers to be informed that if Senate Bill 10 is passed, the cost of living will be increased. The storekeeper will be under the dictatorship of certain manufacturers who seek to fix prices. We grocers will be forbidden to pass bargain savings on to the buying public."

Wyatt, long time head of a progressive group of grocery retailers, said that he would send any person in Texas a copy of Senate Bill 10, adding:

"I want the people to know what can happen to them under such laws."

The controversial measure, frequently called a "Fair Trade" act has been consistently voted down, vetoed or held to be in conflict with Texas anti-trust laws by various Texas officials and legislatures since it became an issue in Texas in 1932.

TRUSTEES DISCUSS COLLEGE FINANCES; MORE MONEY NEEDED

The possibility of an increased tax rate to provide badly needed funds for Navarro Junior College was discussed Tuesday by the board of trustees in a meeting conducted in the city hall.

Prior to the meeting, the trustees met with the city commission and completed lease requirements for the ground at Corsicana Air Field, which was recently leased by the city.

An announcement on the tax rate proposal is expected within the next few days. During the past two weeks, legal difficulties in connection with the matter have been aired.

Ray L. Waller, president of the school, revealed that two new buses had been procured, one of which will cover the Rice route and the other to go from Mexia, Wortham and Richland. This makes four buses operated by the school with two more slated for the Fairfield and Dawson routes.

Current bills were approved and ordered paid as the group conducted routine business. Present for the meeting were O. L. Albritton, chairman; L. B. Bonner, vice chairman; L. K. Carraway, secretary; Bruce McCormick, Curtis Patterson, and J. W. Richards. Absent from the meeting was Ralph R. Brown, treasurer.

Waco Bengals Cop District 10-AA Flag

Using mostly their second string, the Waco Bengals added another District 10-AA cage crown Tuesday night at Cleburne with a one-sided 44-15 win.

The Waco victory assured the McLennan county quintet of clear title to the crown, marking the tenth straight victory for the classy cagers coached by Major Keithley.

Hough led the victors with 11 points, followed by Pardo with nine. McLain led the losers with seven.

JESTER

CONTINUED FROM FIRST PAGE
C. C. Krueger of San Antonio, mentioned as a possible appointee to the board of directors of Texas A. and M., had an appointment to see Jester today. Tyree Bell of Dallas has also been mentioned for an A. and M. post.

Jester said that he hoped soon not only to fill vacancies on the board of regents which followed the senate's refusal to confirm two of former Gov. Coke Stevenson's appointees, but that he would quickly fill the place left vacant by the resignation of D. F. Strickland of Mission.

"One recent will come from San Antonio or south of there," he added.

Tech Members Out.
The terms of J. B. Collier of Fort Worth, Karl Hohlitzelle of Dallas, and C. E. Weymouth of Amarillo on the Tech board have expired.

"I think there is a need on this board also for greater geographical distribution," the governor commented. He said he hoped to be able to fill the Tech places and one vacancy on the board of education "soon."

Jester said he thought that having two members of the Tech board from Fort Worth was not a good policy.

OIL STRIKE

CONTINUED FROM FIRST PAGE

Some 20,000 employees of the seven companies in California, Oregon, Washington, Arizona and Nevada had been ordered to strike today in support of their demands for a wage increase of 25 cents, originally 20 cents. Present wages average \$140 an hour.

The strike had been thrice postponed. The union's contract expired Feb. 15, but a walkout then was delayed until Monday. A second delay until yesterday was followed by a last-minute announcement of still a third postponement until today.

YUGOSLAVIA DEMAND FOR AUSTRIAN LAND DIVIDES DEPUTIES

LONDON, Feb. 20.—(P)—Yugoslavia's demand for about 1,000 square miles of Austrian territory stirred up another ripple of disagreement among the deputies of the four-power foreign ministers today.

British quarters reported that Russia which supported original Yugoslav claims against the votes of the United States, Britain and France, served notice she would draft a special report on the subject for the foreign ministers conference in Moscow. Russia has contended that Yugoslavia should be given a strip of the Austrian province of Carinthia as a reward for her war effort.

DRIVE UNDER WAY TO PURCHASE METHODIST CHURCH TEXAS TRACT

PALESTINE, Feb. 20.—(P)—A drive was underway here today for \$17,000 to purchase a 450-acre tract of land for the Texas conference of the Methodist Church.

The land, already approved by the conference as site for a youth encampment area, will be donated to the conference which embraces the East Texas area from Oklahoma line to the Gulf. The church plans to use it for summer encampments and other gatherings.

Local contributions will cover cost of the land and building an artificial lake around which buildings will be constructed.

Highway Plan Law.

AUSTIN, Feb. 20.—(P)—A bill authorizing counties or their subdivisions to make contributions to the highway commission for form highway development became law today with Gov. Beauford H. Jester's signature.

The measure embodied one of his first recommendations to the legislature.

Cotton Spinning Industry.

WASHINGTON, Feb. 20.—(P)—The census bureau reported today that the cotton spinning industry operated during January at 123.3 percent of capacity, on a two-shift, 80-hour week basis, compared with 107.3 percent during December last year, and 110.7 percent during January last year.

BAPTISTS IN SESSION MONDAY NIGHT NAME FERGUSON PRESIDENT

DR. W. M. WRIGHT, LANCASTER, MAIN SPEAKER BROTHERHOOD MEETING

Dr. W. M. Wright, pastor of the First Baptist church at Lancaster, was the principal speaker at the Navarro County Baptist Brotherhood meeting Monday night at Calvary Baptist church. His subject was "Workers Together With God" and was given in connection with Brotherhood Week observance.

Ferguson Named President
C. O. Ferguson of Corsicana was elected president of the Brotherhood of the recommendation of a nominating committee as made by Rev. Dan Sharpley of Emhouse. The March meeting of the Brotherhood will be held at Memorial Baptist church, Monday night, March 31. E. C. Butler, Emhouse school superintendent, was master of ceremonies.

Special music was provided by D. D. Murray, educational director of the First Baptist church, Corsicana, with Mrs. Hattie Parrish, churches represented at the Brotherhood included Calvary, First Baptist, Frost, Navarro Mills, Emhouse, North Side, Memorial and Farmer. Four ministers were present.

Special prayers were requested for the boys sent to Gatesville last week and also for the boys' parents.

Don Morton, Lancaster layman, spoke briefly.

Work Praised
Dr. Wright developed his message toward the end of the evening by complimenting the work of the WMU as one of the stronger factors in the church's work the past 40 years. He referred to Brotherhood week being observed by Jews, Catholics, Protestants and Baptists. The minister termed the present time as peaceful after the greatest war of all time, although war is still going on in ten countries. He called attention to the possession by this nation of the atomic bomb and his hope that America can promulgate a peace that is enforceable and workable. Asserting that the world is on the brink of a volcano due to the terrifying potentialities of the atomic age, he declared:

"We cannot assure the Russians know plenty," speaking of the secrets of the atomic bomb.

Spirit of Brotherhood
"The only thing that can keep war away from this world is the spirit of human brotherhood," Dr. Wright emphasized, and then added that it was needed in the churches, communities, etc.

Declaring that there were 65 million church members in the nation, the minister pointed out that this group could carry the balance of power and can force the rulers of the nation to listen to the people after saying that the ones in the government that make war do not fight it.

Dr. Wright later said the only justification for the existence of the Kiwanis, Civitan, Rotary, Lions and other luncheon clubs was that they generate brotherhood.

After explaining that President Truman became president through a combination of circumstances, he asserted that if the people would withhold some of their criticism and get behind the Chief Executive, some of our problems could be solved.

Voted For Jester
He said he voted for Beauford Jester as governor and Texas and spoke of his support of J. Frank Wilson, the new congressman from Dallas, a native of Orver Creek, Navarro county. The minister declared that most everyone would feel honored to be designated as an officer or representative of the president, governor or congressman, but he declared that Christians should be honored and privilege—that of co-workers with God, and then he quoted poems bearing out his statement.

After saying he had rather make 100 mistakes trying to do good rather than living out a life without any accomplishments, Dr. Wright asserted that if we work with God, "we must walk with God."

Dr. Wright told of many things a Brotherhood can do in the Kingdom, and he said that God is the best paymaster in the world if we appeal to the group to get behind the brotherhood, the pastor, church and law enforcement officers after rapping the dismissal of 3,000 criminal cases recently in Dallas county.

NAVARRO COUNTY IS SCHEDULED TO SEE LARGE AMOUNT OF ROAD CONSTRUCTION IN ALL SECTIONS

Considerable road construction work is scheduled in Navarro county during 1947 with its attendant employment opportunities. There will be highway and farm-to-market road construction under way throughout the summer—the largest amount of similar work since the system of cardinal highways were constructed in this county in the late 1920s and early 1930s. The Texas Highway department is sponsoring the construction program.

The largest single item in the 1947 program will be the pavement job on Highway 31 extending from South Thirty-First street in Corsicana to the present pavement in North Dawson, a distance of 18 miles, reducing the present route eight miles, and connecting the paved segments of Waco and Tyler. This is the last link in this cardinal highway.

Highway to Dawson. The contract for the 22-foot reconstructed concrete pavement from Dawson to Corsicana via Silver City is scheduled to be let at the March session of the Texas Highway commission. The first and drainage structures for the gap between Silver City to Dawson are under construction at the present time, including bridges and openings in Richland creek and small creeks.

Drainage and drainage structures from Thirty-Fourth street in Corsicana to Silver City were finished prior to the war, but the scarcity of materials caused the postponement of the pavement. A concrete and cushion will be placed on the Corsicana-Silver City sector as well as on the shoulders, while this treatment is being put on the gap from Silver City to Dawson. The treatment of asphalt will be placed as a seal-coat before the pavement is poured, it has been learned. The three, thirty-fourth street to Dawson, Dawson to Silver City and Dawson to Corsicana will be 42-foot pavement, including curb and gutter.

Plans and specifications are now in the hands of the City of Corsicana on East Seventh avenue from the intersection of Highway 31 and 75. This improvement calls for the widening of East Seventh avenue from the present slab to 52 feet including the curb and gutter. This street has an 80-foot right-of-way and the right-of-way is anticipated. The plans of the highway department from the city limits east toward the curve of the highway are to increase the present 42-foot slab by adding a nine-foot slab on both sides of the present concrete.

Little work other than maintenance is expected in the future on Highway 75 since that route has been designated as a super-highway by the state and federal departments. It is likely that a new four-lane thoroughfare will be built along this route in the area since Highway 32 and 14 converge into one highway from Richland north to Dallas and to other points on the Canada-to-the-Gulf.

A recent statement in a Dallas paper indicated that Highway 75 would be rebuilt from the city of Dallas to the Ellis county line as a four-lane highway.

The Texas Highway commission at its February meeting let a contract of \$15,000 for the repaving and placing of asphalt topping on Highway 75 from the Ellis-Dallas county line to Ennis.

Highway 75. The under-seal treatment of Highway 75 from Richland to Streetman and from Streetman to Purdon on Highway 14 is being finished.

The Texas Highway commission last week authorized the repaving of West Second avenue in Corsicana. This is a highway from the intersection of Highway 14 to North Fifteenth street and the widening and construction of curb and gutters from Second avenue to Seventh avenue on North Fifteenth street. The city of Corsicana and the local district highway department engineer's offices have not received official notice and confirmation of this project.

Work is under way on several farm-to-market roads in the three-year plan outlined by the state whereby about 63 miles of secondary roads will be improved into main roads.

One-third of the dirt work has been completed by the contractor on the approximately four-mile strip from Currie to the intersection of Highway 31 and the construction of the culverts and other drainage structures will begin at once.

Highway 22. The dirt drainage work on the 2.6 mile road from a point on Highway 22 west of Frost to the Navarro-Ellis county line to connect with an all-weather road to the north. The dirt drainage work on the mile extension of the Powell road into Elm Flat was stopped early in the winter because of weather conditions. When the job is finished, the state is expected to let the final paving contract on all three jobs at the same time. Each is receiving a sand treatment.

Work is in progress on the 9.8 mile farm-to-market road from

CLUB NEWS

Roane HD Club. The Roane Home Demonstration Club met February 14 in the home of Mrs. George Owens, with a Valentine party as the special event. Mrs. Wayne Hatley presided over the business session. Two members were appointed to attend a training school at the Corsicana YMCA.

An hour of recognition was held, with Mrs. Jack Douglas as the leader, and several singing gifts were exchanged. Ten members and one visitor, Mrs. J. S. Frazier, attended the meeting.

The next meeting was called for February 28 in the home of Mrs. H. R. Plucker.

Dawson H. D. Club. The Dawson Home Demonstration Club met February 13 in the home of Mrs. C. A. Willis.

Miss Eva Sue Merritt, county home demonstration agent, gave an interesting talk on the planning of rose gardens. The regular business and social meeting was held with the hostess serving a refreshment plate of sandwiches, cake and tea to 11 members and the two visitors, Miss Eva Sue Merritt and Mrs. N. Clark.

Chapman H. D. Club. Mrs. R. J. Henderson entertained the members of the Chapman Home Demonstration Club with a Valentine party at her home on Friday, Feb. 14.

Games and singing were the social event for the afternoon. Strawberry shortcake, vanilla cream and angel food cake were served to 16 old and new members, and one visitor, Mrs. C. F. Henderson of Round Prairie.

The next regular meeting will be held at Mrs. Bert Kilcrease on Feb. 28.

Oak Valley H. D. Club. The Oak Valley Home Demonstration Club met Thursday, Feb. 13, with Mrs. John C. Hughes, Mrs. C. M. Stover discussed traditional prejudices in homes toward neighbors and schools.

Two visitors, Mrs. W. N. Hamilton of White Chapel and Mrs. R. M. Richards, were introduced. Three new members welcomed were Mrs. Oran Banks, Mrs. Allen Edens and Mrs. John Remonte. Refreshments were served. The next meeting will be at the home of Mrs. B. F. Allen, February 27.

COUNTY NEWS

SPECIAL PROGRAM IS PLANNED TO ASSIST RURAL INDUSTRIES

A special employment program to aid Corsicana workers and employers engaged in rural industries has been announced by J. H. Strauss, TUGC district director, Waco district. The program is calculated to make the necessary labor available to employers of rural industries on a planned basis and help workers engaged in peak farm season activities most nearly attain "year round" employment. Rural industries include processing of all agricultural products. This special rural industries program is designed to assist communities in organizing and planning for the handling of peak seasonal labor in rural industries by making the greatest possible use of the local labor supply and reducing unnecessary in-migration of

Huge Gas Bill Is Prorated and Paid

The Lone Star Gas Co.'s \$936.70 gas bill covering consumption by all units at the old Corsicana Air Field, has been prorated and paid by the city of Corsicana. The January bill, which for the minute slowed the breath of city commissioners when they saw it, was split four ways. The veterans' housing unit was assessed \$150 of the total, the Rich-Aire Manufacturing Co. was charged with \$234. The remainder of \$542.70 was assumed by the Junior College and the airport.

transient labor, the district director pointed out.

Employers who have seasonal layoff can help reduce their unemployment compensation tax rate by notifying the Texas State Employment Service at the earliest possible date of planned reductions in other employment with the least possible loss in working time, Strauss said.

DRIVE STARTS—J. Dave Walker, chairman of the advance gifts division of the annual American Red Cross campaign in Navarro County, and his workers will take to the field Wednesday as a preliminary to the general campaign during March to raise \$11,017.

CORSICANA, KERENS TO BE VISITED BY NOKES ON SATURDAY

AUSTIN, Feb. 18.—(Sp.)—In accordance with his recently announced policy, Rep. George O. Nokes, Jr., of Navarro county will be in Corsicana and Kerens Saturday, Feb. 22, to confer with any individual or group interested in pending legislation in the house. Announcing his time schedule, Rep. Nokes said he would be at the county judge's office at the county courthouse Saturday morning and at the office of the Kerens Tribune all Saturday afternoon.

In order to contact interested groups in all parts of Navarro county, Rep. Nokes said he is planning a tour which will enable him to spend at least two Saturdays each month at different towns in the county.

Rites Held Saturday For Pioneer Resident

I. D. Farmer, aged 84 years, native Texan, died at the home of a daughter, Mrs. Frank Brown, at Purdon, Friday morning with a heart attack. Funeral services were held at Dresden Saturday afternoon at 2:30 o'clock where interment was made. The rites were conducted by Revs. Madden and White.

A native of Smith county, Texas, Mr. Farmer came to Navarro county as a child. He never traveled outside the boundaries of Texas, relatives stated. He was a member of the Christian church. Surviving are four children, Mrs. Brown, Purdon; A. D. Farmer, Purdon; Russell Farmer, Longview; and Mrs. Effie Hodges, Corsicana; 20 grandchildren and eight great-grandchildren. Pallbearers were A. C. Davis, B. Woodard, W. H. McCraw, Clarence Putman, Allie Mitchell and Albert Mosley.

BUDGET

CONTINUED FROM FIRST PAGE

starvation," he cautioned, "we'll push them into the arms of Communism."

On the rule test, Rep. Tom Murray of Tennessee was the only Democrat to cross the party line, voting with the Republicans.

Rayburn contended that Rep. Taber (R-N.Y.), veteran chairman of the house appropriations committee, "kicked the six billion dollar figure 'out of the air'" and demanded to know just where the cuts were to be made.

The impression has spread that the cuts will come from the armed service, Rayburn went on.

He said that if the cut was voted, Secretary of State Marshall soon to leave for the Moscow meeting of the foreign ministers council, will "fly there with a crippled wing."

As the house set to chop \$6,000,000 off the administration's budget, President Truman served notice today he will have plenty to say if that is the final congressional verdict.

Mr. Truman told reporters, firing questions at a news conference, that he did not want to comment now but would give his views in no uncertain terms when the time comes. That time, he added, will be when the matter reaches his desk.

Mr. Truman has declared in the past that his \$37,750,000,000 budget is rock-bottom for safe operations by the government.

OPA Situation Studied. The president also told the reporters he is not convinced that OPA will have to die.

(The house has voted to recall \$9,000,000 of earlier appropriations for OPA and officials of the agency say this would virtually kill it.)

The senate has not yet approved the recall and, if it does, Mr. Truman could veto the measure if he wished. If vetoed, it would become effective only if approved by two-thirds vote in both house and senate.

Is there any way OPA can be kept in operation if congress withdraws its funds, one news man asked?

House Schedules Debate. The president replied he would cross that bridge when he got to it.

The house scheduled four hours of debate today before voting on the proposal to cut \$6,000,000,000 off the president's budget.

Predictions mounted, however, that the cut will be a billion dollars less than that when congress finally agrees on a figure to replace the \$37,750,000,000 presidential estimate.

The house action was regarded as a foregone conclusion, in the light of the unanimous rising vote chalked up for the \$6,000,000,000 slash at yesterday's Republican conference.

Amendments Banned. Also the rule under which the house was to operate barred amendments that Democrats were aching to present. Foes of the big cut thus planned an effort to send the whole question back to the senate-house budget committee for a new report April 15.

The senate, taking time out before resuming its unlimited debate tomorrow, seemed headed in favor of a \$4,500,000,000 nick proposed by Chairman Millikin (R-Colo.) of its finance committee.

Even before the house assembled two Republican members—Reps. Engel (Mich.) and Curtis (Neb.)—made public speeches they planned to deliver in support of the full \$6,000,000,000 reduction.

Military Cut Urged. Engel said he has come to the conclusion that \$1,500,000,000 can be trimmed off the Army's proposed appropriations—including its civil functions—and still leave an efficient Army.

He said the total amount the war and Navy departments would have to spend in the year beginning July 1 would reach about \$17,000,000,000, including carryover appropriations, if their full requests were met. He noted that a 15 per cent cut of this would save \$2,550,000,000, adding:

"Yet General Eisenhower, Secretary of War Patterson, Secretary of the Navy Forrestal and others are broadcasting over the country that they cannot take this cut without wrecking the national defense, crippling the air corps and scuttling the Navy x x x."

"I say to Secretary of the Navy Forrestal, General Eisenhower and Admiral Nimitz that if you cannot give us an adequate national defense during the third year after the close of the war with \$14,450,000,000 available for expenditure without wrecking the air corps and scuttling the Navy, you ought to step aside and give someone else a chance."

WE SERVICE POUR CAR

As You Want It Serviced—

TO MERIT YOUR FRIENDSHIP AND GOODWILL!

For several years, we have realized that all automotive service (including our own) has not been of the caliber which you as a customer or we as a dealer have desired, due primarily to shortages of manpower and materials—a situation over which we have had no control.

Today, however, with more experienced mechanics in our organization and with service parts becoming more readily available than they have been for years, we want you to know that our car service is rapidly getting back to normal, and, as conditions continue to improve, you may expect to receive from us the same fine service that you have been accustomed to receiving in previous years.

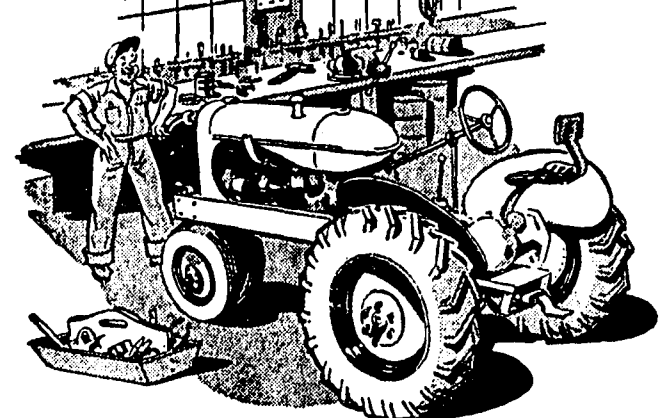

We of the Chevrolet service organization want you to know that we value your service business to the fullest degree and that we are determined to give you such sound and satisfying service that you will want to be our customer for a long time to come!

Come in today and at regular intervals. . . . Skilled mechanics—modern tools and equipment—quality materials—all adding up to service that you'll call superior in all ways.

IT'S A SHORT JUMP FROM NOW TO SPRING

Does Your Farm Equipment Need Repair?

Some morning soon you'll sniff the air and know it's spring . . . plowing time!

The question is: Will you be ready? Does your tractor or implements need repair? How about a motor tune-up, overhaul, complete rebuilding, welding, adjusting?

Now is the time to check over your equipment and let our mechanics give you an expert repair job. Our men are trained to give you factory-approved service. Think of the time you'll save when time really counts.

Put your job at the head of the list by bringing it in early, or schedule it by phone.
